

ENVIRONMENTAL SERVICES PERMIT

1. The Environmental Services Department (ESD) will provide trash removal if so desired by the event committee of any event being held within the corporate structure of Warren City. It will be up to the said event committee or their designee to coordinate a meeting for trash removal with the Director of the ESD or his/her designee. All fees and the explanation of fees, times, dates, and scheduled pick-ups will be explained at that meeting.

2. Number of Dumpsters Required _____

3. If the event has other arrangements for refuse service, please indicate arrangements here.

NAME _____

ADDRESS _____

CONTACT PERSON _____

4. Event site maintenance and cleanup is the sole responsibility of the event leadership. All trash, garbage, refuse, etc. should be deposited in appropriate containers and placed in the dumpster for pickup. Waste grease and/or cooking oil must be disposed of in separate containers supplied by the event organizers. Cooking grease and/or oil can not be disposed of in the City Sanitation Dumpsters or in the City Sewer System

The condition of the event site will be reviewed by the City Event Coordinator and a representative of the event. If the site, as reviewed by the parties, is acceptable, the appropriate maintenance deposit will be fully refunded. In the event the site is not acceptable and the city has to have the site policed, the city will withhold the appropriate amount and return any remaining balance from the deposit.

Site Maintenance Schedule

0-12 hours	\$50.00
12-24 hours	\$100.00
Each 24 hour increment thereafter	\$100.00
